

SEPT 2020

PRAYER POINTS

Forget the former things; do not dwell on the past. See, I am doing a new thing! Now it springs up; do you not perceive it? I am making a way in the wilderness and streams in the wasteland.

Isaiah 43:18-19

PRAY FOR SCHOOLS

Pupils - Pray for schools pupils as they enter this academic year facing a lot of change & the unknown. Pray especially for Primary 1 and Year 8 pupils who have started at a new school. Pray that they would get used to new their teachers, classmates and routines. Please also remember last year's senior pupils who have moved onto their next chapters. Pray that our Christian young people would continue to shine for God in their universities & work places.

Teachers - Continue to pray for our teachers who have returned to school after a long period away from their classrooms. Pray that they would feel safe in their workplace and that God would help them to support their pupils, both academically and pastorally during this time. Please also remember to pray for school principals who are having to make decisions and who are carrying the responsibility of keeping their school communities safe.

Resources - Please pray for myself and the rest of the SUNI Schools' Team. We are continuing to support schools through video assemblies and are thinking about how we can continue to resource schools in new and engaging ways when we are not able to visit them in person. Please pray for creativity as we seek to do this.

PRAY FOR CHURCHES

Many churches have now returned to meeting in their church building. Please pray that people would feel safe when attending their church services and continue to pray for those who are still joining in with their church family from home. Pray that they would not feel excluded during this time. Pray also for church leaders as they have to make decisions about how best to lead their church during this time.

Please pray for children and young people in our churches who are missing Sunday school and youth groups at this time. Pray that they would feel supported through online resources and pray for the leaders of these groups as they try to do what they can to support the children and young people in their churches.

Please continue to pray about the impact that Covid-19 has had and is having on our world and in our lives and pray that a vaccine would be found.
